## Class 4A History 1924

By ETHEL CLEMENT

---

In September, 1911, a wild bunch of youngsters tripped up the steps to meet Miss Ella at Kindergarten. This was the class of 1924, four of whom are still left in our ranks, namely: Kathryn Gayer, Ethel Clement, Harland Shane, and Robert Gable.

From Kindergarten we passed into the Second grade, due to the fact that the class was so large it had to be divided. Here, three more joined us: Pauline Fisher, Esther Freeman, and Lauraette Sedgwick. All the way through the grades we lost a few and replaced them with others—and were a very industrious group of scholars.

September 13, 1920, marked a great day for Medina High School, when thirty-three "Green Freshies" were escorted into the Assembly room by Mr. Conkle. "Fat" Garver invited us to the stage and there we received our first "great scare." For the first few days one might see any of our band wandering around the building trying to find his teacher and class.

Upon entering High School we immediately organized our class, the officers elected were: Erastus Simmons, president; Esther Freeman, vice-president; Ethel Clement, secretary, and Helen Ridiker, treasurer. These officers served until our Senior year.

During our Sophomore year we studied very hard but still found time for three parties.

As Juniors we published the Medina High School Annual which proved to be one of the best ever put out by M. H. S.

At the beginning of our Senior year Rae White, Ethel Crofoot, Erwin Eastwood, Eddie Cox, and Lawrence Maple, the remaining ones of the January class of 1924, joined our ranks. We then elected officers again, choosing: Robert Schamp, president; Harland Shane, vice-president; Ethel Clement, secretary, and Ethel Crofoot, treasurer.

Our last year was taken up with various Senior activities, such as: Junior-Senior reception, Senior parties, and plans for Commencement. We also put on the movie, "A Tailored Made Man," which proved to be a success.

Now, June 5th, as we, forty strong, leave Old Medina High for the last time, we wish to express our appreciation for all the efforts put forth in our behalf by the faculty, and hope that each succeeding class will maintain the standard which we have striven to attain.

**Class President's Address**  
*"Our Aim Success, Our Hope to Win"*  
By ROBERT SCHAMP

We, the Class of 1924, after twelve long years of diligent work, have completed our High School course. We come tonight to celebrate the event, which we have so long anticipated, our High School Commencement. We are now ready to engage in that larger field of endeavor, for which we have been preparing ourselves.

It is to our Parents, our Teachers, our Superintendent, the Board of Education, and the Citizens of Medina, who have made this occasion possible for us, we owe a deep debt of appreciation and gratitude. It is our wish that we may be permitted to pay this debt not by words, but by our lives as fellow citizens and loyal workers in the service of the world.

We realize that the value of our High School work does not lie alone in our achievements in the Class Room, or in the athletic field, but in the ambition, courage, and will power, which have made these achievements possible.

In the character formed, in the preparation for right living, and in our ability to meet hard knocks with a smile and with a determination to conquer circumstances:—in these are the Characteristics of true worth which will endure through the years to come. These are the traits of true manhood, the acquisition of which will be a reward to you our kind friends, who have nourished, counselled, and guided us.

Some of us will continue our education in higher institutions of learning; others will go forth immediately to take their respective places in the world. Whatever may be our fields of endeavor we will carry with us our friendships, our ideals and aspirations of our High School days.

During our High School career, we have experienced the passing from an old school building to the new school building. We have observed the gradual, yet effective weeding out of the things in our school system which were inferior; the retaining of the good and the addition of the better things, all of which have resulted in a plan and system, which is far superior to the old. Even as we have observed this change in our High School life for the better, may we in our own lives, have the wisdom to retain the good, to cast out the bad and to select the best of the new things, as they present themselves to us. Our lives then will be a constant change for the better, a constant endeavor to reach our aim, true success.

May our motto in life be our Class motto in the truest and fullest sense, broad enough to meet the demands of the unknown future; "Our Aim, Success; Our Hope, to Win." May the success, which we hope to win, be success in doing the thing for which we are best suited; Success in filling our place in the Creator's infinite plan; Success in giving ourselves for others.

Whether our place be great or small; whether we gain fame or remain unknown to the world, may our presence be felt by the burdens, which we lighten for others, by the joys we spread, and by the spirit, in which we perform our humble tasks.

Whether we be Presidents or tillers of the soil, whether we be inventors, and designers of magnificent buildings or mechanics and carpenters, whether we be the first ladies of the land or the makers of the humblest homes, our success is to be measured by the same standard—that of a life well lived, duties well done, and talents utilized, the reward for which is eternal.

As we, the first class to graduate from the new Medina High School, go forth into life's great school, we leave for the future students this building, a heritage of which we can well be proud, honest, hard work, and a high school spirit undaunted by defeat.

We are at the beginning of life, we cannot see far into the future, but we trust that we are prepared to meet whatever joy or sorrow, whatever of pleasure or pain, which may cross our pathway. Ever may our motto be instilled in our minds and hearts, Our Aim, Success; Our Hope, to Win.

## Class Prophecy

By PAULINE FISHER

One bright June morning as I was looking over my mail I noticed a large white envelope which looked much to me as though it were an invitation to some commencement exercise. I opened it with reluctance, for I felt it could contain nothing to compare with the sweet memories of my own High School Commencement Day. Imagine my surprise and pleasure when I read as follows:

Dear Schoolmate:

On the 5th of June you are requested to be present at a reunion of the class of June, 1924, at Lake Beach Hotel. Dinner will be served at 6:30 sharp.

A class reunion—to think of seeing those “old pals” after all these years; but then, it is really only ten. At Lake Beach—Ah, yes, I remember of reading in the paper that they have changed the name of old Chippewa to Lake Beach. It has become quite a summer resort.

On the afternoon of June 5th I got off the street car at Lake Beach. How it had changed since the time we held High School picnics there. I walked up to the Hotel for it was the only landmark that I knew. As I reached the veranda a man came up to me, and in a moment I recognized my old friend Robert Gable—I never was so glad to see anyone in my life as I was this old Classmate. I asked where he was living and what he was doing. He said he was living in New York and that he had become a registered pharmacist and was associated with the Catchem & Durem Drug Company. We walked across to the Dance Hall where we came upon a group of women talking and laughing together. I heard Esther Freeman’s little giggle and in a minute knew the others to be Helen Ridiker, Rae White, Ethel Clement, Kathryn Gayer and Lauraette Sedwick. We all talked at once trying to find out where everyone else was and what he had been doing. Ethel told me that Katy Gayer had just opened up a dentist’s office in Denver and that she was making stacks of money as there were so few good dentists there. She also told me that Lauraette had become one of the best teachers in the Chiropractic School at Davenport, Iowa. Ethel herself had long since entered the bonds of holy wedlock. I had been corresponding with the other three girls and had learned of their successful careers. Rae had become a public stenographer in Chicago and had written me that she was “just crazy” about her work. Helen was conducting a very exclusive little beauty parlor on Fifth Avenue, and Esther had quite a smart Modiste Shoppe on Broadway. After having talked over the news of the past ten years with that bunch I walked on down the hill. I heard quite a commotion and saw that it came from a group of men standing at the bottom of the hill. I took special notice and recognized them to be some of my old High School Cronies. I had a hard time trying to distinguish one from another at that distance for they had certainly improved with age. I walked farther down thinking I might hear what all the talking was about. I heard some one say “Harland Shane, what are you doing?” and Shane began telling all about the Life Insurance Company for which he was agent. “Why! did you know that eleven million people are killed or injured yearly in this country or thirty thousand every day?” And that out of one hundred men at the age of 25, 64 are living at the age of 55. And that out of these 64, 54 are dependent on someone else. No hour of the day is free of menace: 171 are injured or killed from falling off the bed. Two hundred sixty-three are injured from slipping in the bathtub and 532 are injured by falling on the pavement and through trap doors. The idea of no insurance; why men you are crazy. Let me sell you one of my policies.”

But none of the men seemed interested in buying insurance policies. I continued to stand there thinking maybe I could gain even more knowledge as to what the

others were doing. I soon learned that Erwin Eastwood had recently been elected Probate Judge of Cuyahoga County and that Robert Schamp was the Professor of Electrical Engineering at Western Reserve. Just then Maynard Halliwell came up and began to tell how many Rolls-Royce cars he had sold during the last year and how he had come across Clayton Hartman who was supervising the building of a new paved road from Seville to Wadsworth. I heard someone speak but was so interested in the conversation that I did not pay much attention. I turned and saw two women whom I recognized as Bernice Campbell and Elizabeth Ewing. We stood and talked about the changes since the last time we were together. Bernice said she and Elizabeth had been awfully busy with their work. Elizabeth had an Interior Decorating Shoppe and Bernice was the Fashion Artist for the William Taylor Company. While we were discussing the past, present and future several other groups had gathered near us and I found one group to consist of Walter Roshon, Myron Perkins, Wayne Wheeler and George Porter. I asked the girls if they knew what any of these boys were doing and where they were living. Elizabeth said she heard that Walter was the political boss of Ashland County, knowing that there was but little chance for a live Democrat in such a Republican County as Medina, he had moved as a matter of political protection to Ashland County. We went over and talked with them as neither Bernice nor Elizabeth knew what the rest were doing. We found out that Myron had an undertaking establishment in Cleveland and that Robert Standen was thinking seriously of entering into partnership with him. Wayne Wheeler and George Porter, they said, had the best dairy farms in the state of Ohio and that it had long been a discussion between them and the whole State as to which, of the two, had the better.

As it was rather a warm day we all went up to get a refreshing drink and there met several of the others. I found Esther, Rae, and Helen and we went rowing. Since our arrival we had met many of our classmates. Helen said that Mildred Cole was Secretary of the Civic Betterment League of Akron. Rae said that she had learned that Lawrence Maple was teaching Manual Training in the Medina schools, and that Helen Nold was teaching a Kindergarten in Detroit. Esther said that the greatest surprise she had was the fact that Amherst Spitzer and Erastus Simmons had bought a ranch out in Kansas. Tunk and Amherst on a ranch! She just couldn't imagine it. Neither could I, but stranger things have happened. We got back from our "gab fest" and walked up the pier when we saw Dorothy Greisinger coming towards us. She said that she was having trouble with the gatekeeper, that he didn't want to let her bring her dogs and ponies into the grounds. She was traveling with a show and, as she had an open date for that afternoon and evening, had been forced to bring them with her. She offered to give a free performance in the evening. That was just what we needed to finish out our program and so we took her up on that deal immediately. She had a wonderful lot of dogs and ponies and I recognized the trainer of the show to be Steve Komjati. After we had gotten that straightened out we started back up the hill. We then met Laura Pelton, Lucile Hoff and Leora Tompkins. They told us what a fine time they were having. We also learned that Lucile was the private secretary of the President of the Bessemer Steel Company, and that Laura was teaching Normal work at Baldwin-Wallace. Rae had just started to ask Leora what she was doing when a very fine looking man came up and she introduced us to her husband. Queer how some people are always lucky, I heard Helen remark under her breath and I think we all felt the same about it. It was nearly 6:30 so we all departed to powder our noses before going up to the Hotel for dinner.

Just as we had all gotten seated, in came Aubrey Hoddinott and I glanced at my watch to see that, as usual, he was just one minute late. The four-course dinner was very delicious but I must say I would have preferred to sit and look at the people to see how much they had changed in the past ten years.

Robert Schamp acted as toastmaster and read several regrets from those who were not able to be there. One was from Mae Sheerlein, who had cabled from Paris that she was dated to sing for the Radio that night and saying how sorry she was that she could not be present. Another was from Ethel Crofoot whose telegram stated that she was sorry but that her business detained her. I heard later that she was connected with the Women's Welfare League at Washington. Another was from William Sohl's secretary, saying that Professor Sohl had promised to address a convention of scientists and would not be able to be present. Bill was now the William Sohl's secretary, saying that Professor Sohl had promised to address a Professor of Science at Boston University. We were all very sorry these members of our class could not be with us but thought that only three absent out of forty was not a bad beginning. We had a delightful program and each of the members who had fallen by the wayside only to pick out a husband or a wife was asked to introduce said partner. Those that took part in this exercise were Irene Wilber, Mildred Rodgers, and William Tompkins. We congratulated them and wished them everlasting happiness.

Robert asked if we had found out what everyone else was doing and that if we hadn't he would ask those members to stand up and tell us how their Father Time had dealt with them. I hadn't found out what Verna Perkins or Mildred Leatherman or Elizabeth Buttolph was doing. So they were asked to stand and confess their sins. Verna said she was teaching Bookkeeping in Spencerian Business School and Mildred said she was engaged to teach Domestic Science in the Dayton Schools. Elizabeth owned and managed the Westfield Inn at LeRoy.

After this we sang several of our old High School songs and voted to hold another reunion in five years. I certainly felt as I watched them all leave that our motto was a good one:

Our aim—Success; our hope—to win.

## Senior Class Poem

Farewell, our Alma Mater dear,  
Your worth to us is growing clear,  
To you we came so meek and scared,  
And oft we wonder how we dared,  
But you our fragile forms have spared  
Medina High! Medina High!

Your discipline was for our good,  
Alas, just now it's understood,  
Your mandates, your refining fires,  
Which kindled our unharnessed ires,  
Within us now a love inspires,  
Medina High! Medina High!

Our brains are brimming with your lore,  
And still there's room for myriads more.  
This we will glean in life's stern school  
While Father Time lays down the rule  
Whereof its discipline seems so cruel.  
Medina High! Medina High!

Our happiest days with you have been,  
Could we but live them o'er again,  
What we have writ on *memory's* walls,  
What has resounded thru *her* halls  
We'll live again as *sunset* falls.  
Medina High! Medina High!

To faculty we homage bring,  
Your praises we will ever sing,  
Our motto under you has been  
"Our Aim, Success; Our Hope, to Win,"  
In life's turmoil will be again.  
Medina High! Medina High!

## Class Will

By MILDRED COLE

Mr. President, Friends:

Forty of us about to die, what a sad, sad fate.

Contrary to the usual custom in such cases, and only at the behest of my noble client, Class 1924, I have called you together, before her death, to hear her will and to receive her gifts.

I was persuaded to this action by the unusual circumstances of my client.

I dread to tell you, but be calm: The Doctor is here ready to revive all fainting ones, but he cannot attend too many. Here is my secret, keep it well!

A consultation of Doctors was called on Friday, May the thirtieth. They have announced that on Thursday, June the fifth, Class 1924 must die.

Had I known how badly you would feel, no one, not even the President, could have dragged this secret from me.

My client wishes me to state that, owing to a lightness in the head, caused by its gradual swelling during the past four years, and a heaviness in the heart caused by thoughts of parting, she may be mistaken in the value of her estate, but such as she thinks she has, she gives to you.

### "THE WILL"

We, the Class of "1924" being about to leave this sphere, in full possession of sound mind, memory and understanding, do make and publish this our last will and testament.

First, we do direct that our funeral services shall be conducted by our friends and well-wishers, the faculty.

We, the Class of 1924, do dispose of our estate as follows:

Item 1: We give and bequeath to the faculty many restful nights and peaceful dreams. We promise them rest from all they have had to suffer from the Class of Twenty-four.

Item 2: We give and bequeath to the Freshman Class the following advice, which will lead them to glory: learn to work if not to win; development comes sooner through bearing failures than successes. It isn't fun but look at Class Twenty-four and be encouraged.

Item 3: We give and bequeath to the Junior Class our seats in the Senior Room. Let every member show his gratitude for the gift by being promptly in his seat each morning. To them also we give our Senior dignity, which, we are afraid, will be a strain upon the nerves and muscles of the gay and flighty Juniors.

In addition to the said general bequests we wish to dispose of the following from individual members of the deceased Class.

I, Erastus Simmons, bequeath my ability to skip school and not appear on the absent list to Ralph Reutter.

I, William Tompkins, bequeath my ability to sell fried cakes to Glendon Schaefer.

I, George Porter, bequeath to Mr. Barnes one package of cucumber seeds which will grow cucumbers so large that it is impossible to tell them from watermelons.

I, Mae Sheerlein, bequeath my vocal talent to "Pug" Abbott.

I, Rae White, bequeath to Violet Betz my position as office girl and public stenographer.

I, Robert Schamp, bequeath about two feet of my altitude to our abbreviated teacher, also a well-caked pipe to be smoked only in the furnace room to Mr. Ruth.

I, Bernice Campbell, bequeath my gracefulness to Myrle Porter.

I, Helen Nold, bequeath to Roy Kinch my ability to get "E" in Civics.

I, Amherst Spitzer, bequeath my surplus amount of "Glossy Finish" for my hair to Mr. Conkle, providing he uses it at least once a week.

I, Leora Tompkins, bequeath to Miss Farnum my family comb which has caused many of the tardy marks in the Senior room.

I, Robert Gable, bequeath to Miss Phillips my snappy stories, providing she reads them one at a time and does not pass them around to the rest of the teachers.

I, Verna Perkins, bequeath my simplicity and quietness to Dorothy Bagley.

I, Erwin Eastwood, bequeath my ability to get a date in five minutes' notice to Tom Rowe.

I, Lura Pelton, bequeath my ability to get "E" in deportment to Francis Bowman.

I, Ethel Crofoot, bequeath to Mr. Case my ability to always greet you with a smile.

I, Irene Wilber, bequeath my ability to play basketball to Bessie Armbruster.

I, Wayne Wheeler, bequeath my ability to help daddy milk the cows and feed the chickens to Ted McDowell.

I, Pauline Fisher, bequeath my generous smile and my ability to carry on a conversation at all times to Nellie Short.

I, Kathrine Gayer, bequeath my "specks" to any Freshman who cannot see the paper on the assembly room floor when told to pick it up.

I, Helen Ridiker, bequeath my shingle bob to Grace Taylor.

I, Walter Roshon, bequeath to Ernest Vance my daily lecture from Miss Phillips, and one football suit to Miss Drake.

I, "Tiny" Perkins, bequeath one pair of perfectly good trousers of fine quality to "Fat" Nichols.

I, Esther Freeman, bequeath to Jacy Kernan one dimple, and my ability to flirt to Maxine Fulmer.

I, Ethel Clement, bequeath my ability of being late at least 14 times a month and keeping off the tardy list to Albert Slabaugh.

I, William Sohl, bequeathed to Jay Lash a pair of "size 15½ shoes", and my ability to play the piano to Arnold Overholt.

I, Mildred Rodgers, bequeath one good gray mare, not over 50 years of age, to any Freshman who desires a convenient way of going to and from school.

I, Lauraette Sedwick, bequeath to Emma Curtis my ability to sell Kirk's Flake White Soap.

I, Laurence Maple, bequeath one position as baseball catcher to "Dick" Warner.

I, Dorothy Greisinger, bequeath my ability to ride horseback to Anna Cisler.

I, Harlan Shane, bequeath my seat in the office to Phillip Holmes, and my ability to be late to football practice and games to Ted McDowell.

I, Robert Standen, bequeath one package of unused cigarettes to Mr. Bauer.

I, Elizabeth Ruttolph, bequeath my ability to argue to Geniveve Winters.

I, Maynard Halliwell, bequeath my ability to go to hard time dances for a nickle to "Dick" Cotner.

I, Steve Komjati, bequeath my ability to sharpen butcher knives to "Harve" Kraver.

I, Mildred Leatherman, bequeath my ability to hear all and say little to Ethel Woodruff.

I, Lucile Hoff, bequeath my ability to play a tune on the typewriter to Alverta Munson.

I, Aubrey Hoddinott, bequeath my perfect behavior to Wesley Barfoot.

I, Sam Stoaks, bequeath my "Southern Dances" to Oliver Barry.

I, Clayton Hartman, have no earthly possessions which I care to dispose of.

I, Mildred Cole, bequeath to any Junior the privilege of writing next year's Class Will.

In Witness Whereof, We the Class of Twenty-four the testators, have to this our will, set our hand and seal, this fifth day of June, One thousand nine hundred twenty-four.

### 4B Class History

By Nellie Short

In January 1921, twelve boys and twelve girls mounted the steps of the old High School Building.

We were initiated into the ranks of the High School, a thing which none of us have ever regretted.

As time has gone on we have lost some of our old members and gained new ones.

We have held many parties, some at the members' homes and some at the Garfield Building. Those who went to Granger will never forget our midnight frolic on the mud roads.

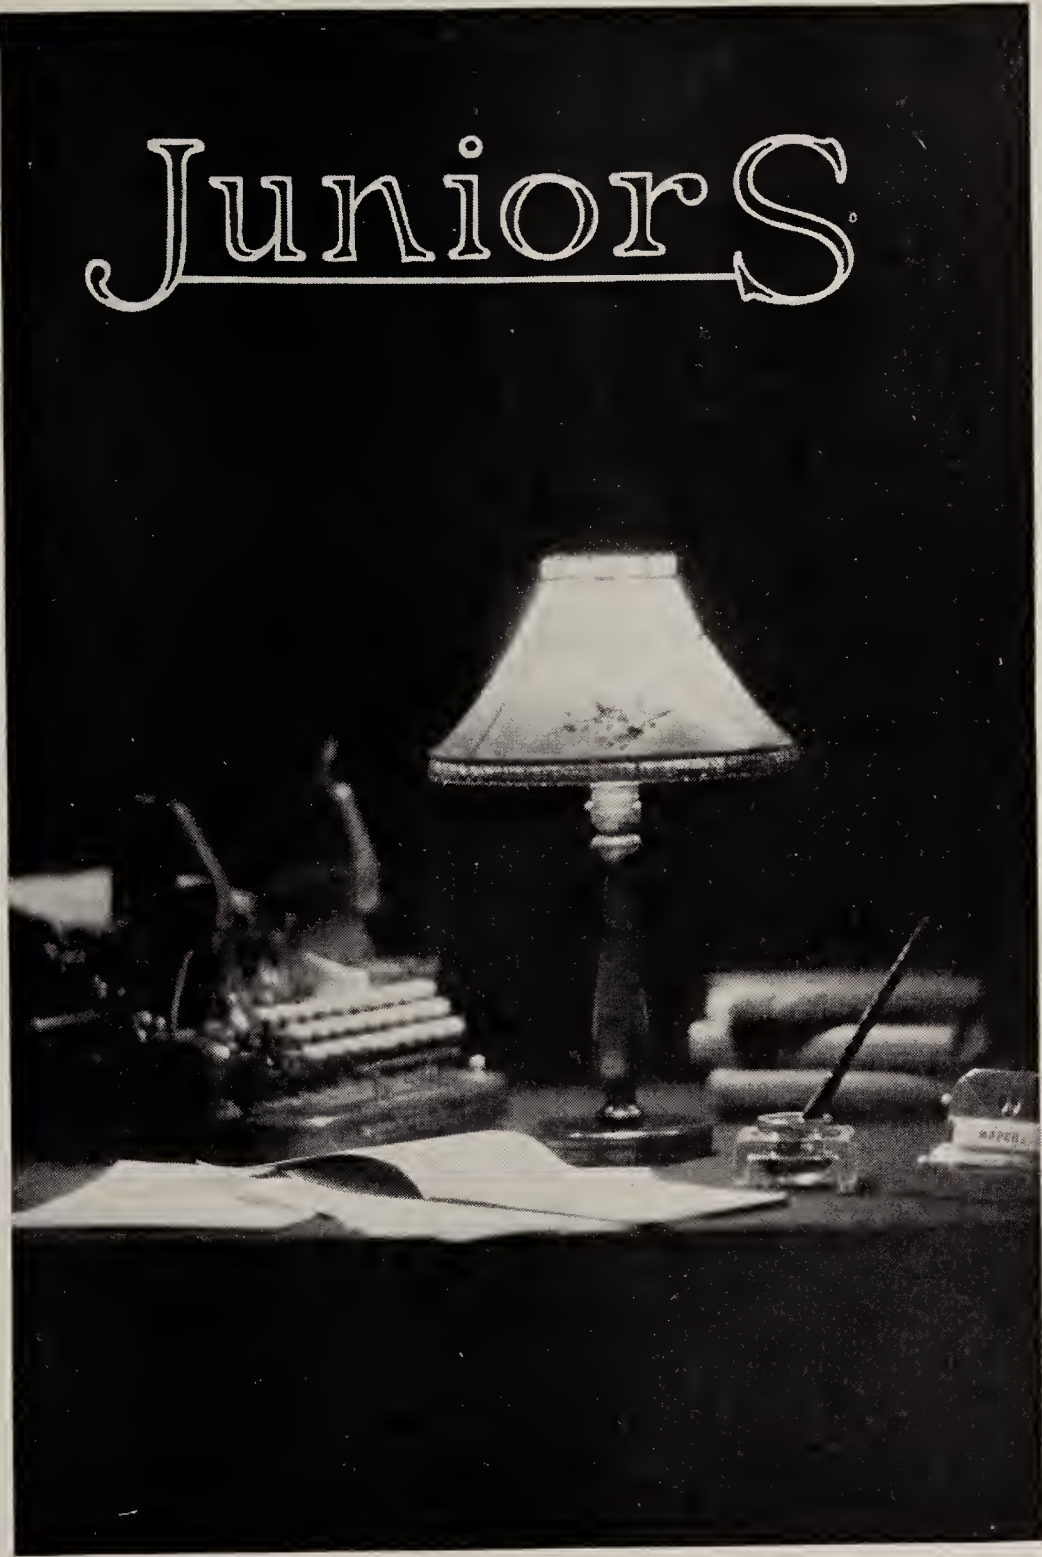

We have tried to do what we believed was our duty to the High School and teachers. Now we are in the new building with every possible convenience and we hope that we may do something worth while for those who follow us.

### 3A Class History

In September, 1921, sixty-six of us entered High School where we were given a hearty welcome.

During our Freshman year we had the Freshman room as our home room and Miss Rice as our home room teacher. The following officers were elected: Ernest Vance, President; Nora Kindig, Secreatry and Treasurer.

In our Freshman and Sophomore years we did not have many parties, but we had a good time at what we had. One was at the Garfield building, another was in the country home of Alverta Munson where we roasted weiners and marshmallows and everyone had plenty to eat.

During our Junior year we have lost six of our class; Joe Banko, Guy Burkett, Geraldine Overbeck, Jessie Lowe, and Christine Kaatz; some moving away and others going behind.

At the beginning of the semester while we were 3B's we elected different officers. For president we chose Richard Cotner and Lilly Hoddinott for Secretary and treasurer.

We have not as yet found time for a party in our Junior year but hope that in our senior year we can arrange for many such good times.

Since our class is a large one, we have given a great deal of talent to various activities of the high school.

We hope to continue our record and also accomplish something worth while.

---

The 3B class of M. H. S. entered in January 1922 after the usual periods of long division, fractions, and compound interest in the grades.

During our Freshman year we earned the name of the PARTY class, owing to three parties and one picnic. We also were the first class to hold parties in private homes. We held no parties during our sophomore year.

During our Freshman year we elected officers who have held their offices up to the present time.

## 2A Class History

There were fifty-eight of us to come into High School, but it remains to be seen how many will leave.

During our entire Freshman year we had the Freshman room with Miss Rice in charge. At our election of officers we chose Harold Hunter President, Virginia Crump, Vice-President; Velma Shook, Secretary; and Irwin Strong, Treasurer.

The following September we became "sophies" and we held a class meeting and elected our new officers as follows: William Leohr, President; Lucille Adams, Vice-President; and Beatrice Carlton, Secretary and Treasurer.

So far this year we have had two class parties at the Garfield building and it is safe to say that a good time was had by all.

Our class is a large one and we only hope it will be as large when we graduate as it is now.

## 2B Class History

Our class entered High School January 25, 1923. We were the first class not to be initiated, some were glad and some were not.

About a week later we elected officers. We gave a program in the Assembly one Friday morning and had three class parties during our Freshmen year.

In our Sophomore year we had a Valentine party and re-elected officers. Re-electing Katharine Root President, and electing Harold Hunter Vice-president and Earnest Rollins Secretary and Treasurer.

### 1A Class History

On September 4, 1923 a very frightened bunch of "Freshies" ascended the steps of the M. H. S. building. We were placed under the charge of Miss Rice in the Freshman room.

We were the second class not to be initiated but the first not having to give a program, for which we consider ourselves very fortunate.

After a few weeks we elected officers as follows: Louise Wideman, President; Helen Clark, Vice President; Norene Carleton, Secretary and Treasurer.

We have had two class parties so far, the first in November and the other a "St. Patrick's Party". Both were held at the Garfield building. The evening was spent in playing games and dancing, after which refreshments were served. Those attending had a delightful time. In January we had the privilege of attending the annual M. H. S. party held at the I. O. O. F. hall. Once again we had a good time.

### Freshman B. Class History

One bright September morning in 1915, a number of little tots set sail on their long educational voyage through the Medina Schools under "Miss Ella."

Of this number, twenty-two are in the present class of thirty-seven.

From there on we worked up steadily until we first entered the portals of old M. H. S. as very green "Freshies."

We were given the grade room, under Miss Givens. We soon had a class meeting and elected as officers the following: President, Jack Oatman; Vice-president, Marjory Beck; Secretary and Treasurer, Onnalee Lutz.

We had one very enjoyable party at the Garfield Building.

Our class has the distinction of being the first Freshmen B's in the new High School Building.

We have contributed to sports, glee club, and orchestra, and are as yet but "Freshies", but hope to do more good work and have still better times in the future.

JACK OATMAN.

## Oratory and Debate

OPAL SNYDER

Among the various classes scheduled the second semester (1924) was a debating class, under the direction of the Principal, Mr. Bauer.

The class consisted of William Sohl, Alline Nettleton, Maisie Tollafeld, Steven Komjati, Helen Nold, Miriam Winters, Clayton Bates, Theodore Wyer, Ethel Clement, George Myers, Dorothy Griesinger, Glendon Shafer, Elizabeth Fretsz, Robert Searles and Opal Snyder.

The Phi Kappa Pi Men's literary society of Oberlin College invited Medina High School to enter one representative in an oratorical contest for male high school students of better class of high schools of Northwestern Ohio, to be held March 15. The speeches were to be of the nature of formal orations.

Two Medina High School boys, Robert Searles and Glendon Schafer prepared orations. Robert Searles' subject was "The Influence of the Automobile on Future Civilization", and Schafer's "Athletics in High School". The local contest was held March 13 with Superintendent Conkle, Principal Bauer, Misses Drew, Givens, and Phillips as judges. The vote of the judges was divided, Searles receiving three and Schafer two. Principal and Mrs. Bauer and Schafer accompanied Searles to Oberlin March 15. Although 55 schools had been invited, only nine sent contestants.

Searles tied for third place in a field of nine, Oak Harbor and Fostoria tying with Medina. Medina high school can well be proud of the record its representative made. Since this was the first contest the high school had even entered.

During this time the remainder of the class was hard at work on the question, "Resolved, that the United States should own and control the Merchant Marine."

Tryouts for places on the team were held March 17 and 18 with twelve students contesting. The same judges as for the oratorical contest were used.

The following eight speakers were selected: affirmative, Helen Nold (captain), Opal Snyder, Ethel Clement, and Robert Searles (alternate). Negative, William Sohl (captain), Alline Nettleton, Maisie Tollafeld and Steven Komjati (alternate).

The Medina and Barberton High School teams met in dual debate in both Medina and Barberton April 25 and divided honors. Barberton won the debate at home by unanimous vote of the judges and Medina won also at home by unanimous vote. The affirmative teams of each school went abroad and negative teams remained at home. All four teams reflected credit on their schools and the spirit shown by both schools is deserving of the utmost place.

The local debate was held at Medina in the Methodist church at 2 o'clock and was attended by the high school and a number of town people. Superintendent Conkle presided and part of the High School Orchestra played under the direction of John Beck. The judges were Superintendent R. F. Howe, LeRoy; Superintendent J. B. Hughes, Lodi; and W. B. Baldwin, Editor of the Gazette.

## Vocational Agriculture

---

The Vocational Agriculture Department started last September with an enrollment of twenty-seven, with eighteen in the Animal Husbandry Class and nine in the Soils and Farm Management Class. The Department has lost three and gained two during the year, thus closing the year with twenty-six.

The work of the Department is divided into five units of credit. Each year one unit is given except in the Sophomore year when there are two units given, the extra one being Farm Shop work. In order to obtain credit for the work done in school a project carried on at home is required, where each year something pertaining to the class room work is carried out in a practical way on the home farm. The projects are usually a source of income as well as a means of learning the best way of doing things.

The department aims to carry on a full program of work and in doing so community work is carried on. The past winter a short course in dairying was conducted. Mr. Barnes obtained Mr. Salisbury to help with the feeding of dairy cattle and Mr. Wise with diseases. The meetings were held from 7:30 to 9:00 P. M. twice a week with an average enrollment of 12 boys.

Other forms of community work consisted of testing milk, soil, poultry work and seed corn testing. This year the Department tested about 4,000 ears of seed corn, finding about sixty per cent of good ears. More corn would have been tested if time had permitted.

Two trips of importance were made by the boys. The first was to the Cleveland Stockyards, where the classes saw the livestock coming in in car lots, unloaded, weighed, graded and sold. In the afternoon all visited Swift's packing plant and saw the animals slaughtered and prepared for the consumer.

The other trip was to the experiment station on Livestock Day. Here each of us learned a good deal about feeding cattle, sheep and hogs.

During the summer Mr. Barnes plans to continue training a livestock judging

team to go to the state fair and compete with other teams from Vocational Agriculture Departments.

Through the efforts of our Department a livestock judging contest open to any one enrolled in any high school in the country, will be held at the next county fair.

The Department of Vocational Agriculture is supported by Federal, State and Local funds, and it is hoped that all in the community will make use of the opportunities afforded them.

FOREST CARLETON.

## Shorthand

---

The Gregg System of Shorthand is taught in about 90% of the High Schools in the United States, and is taught in the Medina High School. It is the easiest system known as there is no shading or change of line position. A two-year's course is offered in Medina High School. It includes the theory of Shorthand, also the study of business letters of every form.

Of course, all of the girls that are taking Shorthand do not expect to make their living by doing stenographic work, but they realize that it will aid in their self-support.

Bernice Campbell, Mildred Cole, Lucille Hoff, Helen Nold, Lura Pelton, Verna Perkins, Mae Sheerlein, Leora Tompkins, Rae White and Irene Wilber have completed the two-year course offered in Shorthand and Typewriting. There are twenty-seven other girls that are studying Shorthand at the present.

BARBARA JAKAB.

## Typewriting

---

Since entering the new High School Building, the students who are studying typewriting have taken a renewed interest in their work, due to the more favorable conditions under which they were placed. The lighting condition is better and there is more room than in the old building.

The work in the Manual includes all kinds and forms of business correspondence, (arranged and paragraphed by the student), tabulated statements and bills, addressing, folding of letters, telegrams, drafts, and some legal work.

There are fifty-five students taking typewriting this semester. We have added two machines—one Remington and one Underwood, in place of the Reliances, to the Type Department, thus making fourteen in all—all having standard keyboards.

There is a glass partition between the Type room and the Bookkeeping room, so that the teacher in either room can keep accurate count of the absentees and tardy people, also prevent confusion of any nature. The glass partition is a great asset, as it frequently happens that one teacher is in charge of the two rooms.

## Music Activities

---

The greatest factor in our high school in the music line was the orchestra, which in 1924 was the largest in the history of the school. It numbered fifty-two, with all the instruments of a symphony not including the harp. The orchestra's first concert was Dec. 12, in the Congregational Church, and the soloists of the evening were members of the high school. A large and appreciative audience attended.

During the school year recitals were given by the following: Richard Warner—Piano, xylophone and bells; Grace Fisk—piano, and William Sohl—piano, Donald Ausman—violin, Elizabeth Fritz—cello.

A program of popular music was given at a Friday morning assembly by: Donald Ausman—Violin, Vernon Blanchard—Saxophone, Myron Offineer—Cornet, Richard Warner—Drums and traps, John Beck—at the piano. Robert Searles sang several selections.

Interesting programs were given at various intervals during the year by local talent and one of special interest was a trio recital by Harry Lincoln—Cello, Florence Sipher—Violin, Audrey Sedgwick—piano.

A new feature in our music work was a music memory contest in which all the students took part. This was conducted by John Beck, Supervisor of Music. The winning class was the graduating class of '24.

The boys and girls glee clubs made their initial appearance in the concert given during the week of the Dedication of our new building. The program of this event will be found on another page of this annual.

On May 20, Harry Chalmers, Harpist of Akron, through the courtesy of the Medina King's Daughters, gave a recital to the entire student body in the new auditorium.

An eight piece orchestra consisting of Donald Ausman—Violin, Elizabeth Fritz—cello, Ralph Wise—oboe, Vernon Blanchard—Bassoon, Robert Gable—Cornet, Richard Warner—Drums, John Beck—Piano.

Medina High band of twenty pieces appeared at several foot ball and base ball games during the year and added much pep to the occasions.

Much credit is due to our Supervisor, John Beck, for the great success in music during the years of '23 and '24.

## Football 1923

---

Thanksgiving Day closed a most successful season for Medina High, the team losing only 3 games during the entire season. The boys had wonderful support from M. H. S. and the town citizens and especially the Kiwanis Club, which presented to the team 15 woolen blankets.

The American Legion Baseball diamond was transformed into a gridiron, and 6 of the 14 games were played on it.

We opened the season by going to Akron and competing with South High of that city. Said High School was a Class A team with 80 candidates out for practice, consequently we were beaten, 20—7.

We then went to Millersburg and captured our first scalp by defeating them 13—0.

The Legion field was then dedicated by the Home boys being defeated 15—6. But the boys soon nerved up and when Spencer came over here, we walloped them 159—6.

Our next game was with Shaker Heights of Cleveland, here. Shaker had been undefeated in 1922 and so far in 1923, but here they met their Waterloo when we defeated them 12—0.

The Wooster game was the next and best game of the season. Our boys outscoring them 13—12 on their own gridiron. The Home boys received no serious injuries in this game but Wooster had to carry their dusky fullback off the field.

The succeeding game found us again at Akron, against East High. They, too, fell another victim to our men when we defeated them 24—0.

Our old rival, Orville, next came here and we revenged ourselves by beating them 32—0. Simmons starred in this game, sprinting 75 yards for a touchdown.

On November 9th we journeyed to Berea and there captured another scalp, defeating them 13—0.

Our following game was one of short notice, but our boys went to Loudenville and although they were not yet rested from the Berea game, outscored them 27—0.

Next came West Commerce of Cleveland, here, and the score ended 27—7 in our favor.

For the third time we went to Akron and outscored Kenmore 14—0.

The next to the last game we went to Struthers to try for championship, but for the third time we were beaten, 14—6.

Our last game was on Thanksgiving Day on a gridiron of mud, but this did not bother our boys and we whipped the Alumni 7—0.

So we were well satisfied with the season and when the points were figured up they were found to be 355 for M. H. S. to our opponents' 74.

## Basketball

M. H. S. did not participate in basketball this year, owing to the lack of place to play. Members of both the boy's and girl's teams played on various other teams, however, and kept in practice. Next year we expect to have good teams and as we have a new gym. in which to play we should have a very successful season.

## Baseball

Medina High School had turned in another very successful baseball season when the curtain was drawn at the end of the school year. Due to inclement weather, only five games were played: Cuyahoga Falls, here, May 3, Kent State Normal here, May 10, Strongsville there, May 17, Wadsworth here, May 21, Kent Roosevelt there, May 23.

### CUYAHOGA FALLS

The Medina high school baseball team started its spring season off with a bang when it defeated the Cuyahoga Falls high school team by a score of 17 to 5. It looked pretty squally for the first two innings when the visitors gathered four runs in a fusillade of hits off of Shane. However, in Medina's half of the second the local boys started a batting streak that lasted the remainder of the game, and when Barfoot replaced Shane in the box there was no longer a doubt of the final result. Cuyahoga Falls was absolutely helpless against Barfoot, and got but three safeties in seven innings, netting a single run, while Medina scored in every inning except the ninth, and in that ining it did not go to bat. Cuyahoga Falls tried two pitchers, too, but neither of them was effective and Medina ran up a total of 20 hits, including five two-base hits and two three-baggers. The score:

### KENT STATE HIGH

The Medina boys outbatted the team from Kent State High school and at least held their own in fielding but they could not bat when hits were needed. The score was 2 to 1, and five times did Medina need but a little hit to produce at least one, if not more runs, but the batter failed to connect safely with the ball. Barfoot pitched a splendid game for Medina, allowing but four hits, and Leleone did nearly as well for Kent State, being found for only six hits.

Medina's five fozzles were as follows: In the second inning, Thomas, the first man up, hit safely and stole second and third, then Roshon, Halliwill and Stoaks proceeded to strike out in order. In the third, after Shane had struck out, Barfoot hit safely, stole second and third, and then Rowe struck out and Maple grounded out. Standen, first up in the fourth, singled, stole second and went to third on Thomas' fly

out; Roshon popped to the pitcher and Halliwill struck out. In the fifth Stoaks dropped a Texas leaguer back of second, advanced a base on Perkins' sacrifice and scored on Barfoot's two-bagger; Barfoot having been stranded on second while Rowe grounded out and Maple flied out. In the sixth Stoaks made a hit, but on the hit-and-run play Thomas lined to second and a double play resulted. Roshon ground out to pitcher. The score:

## WADSWORTH HIGH SCHOOL

Before a large crowd at Legion Field, the Medina High School base ball team broke the Wadsworth hoodoo and outplayed their ancient rivals. The weather was chilly, but Medina High's valiant rooters stayed on the job to see a game replete with thrills of the "nip and tuck" variety.

Barfoot was on the firing line for Medina, and due to the chilly atmosphere continually found himself in the hole in the early part of the game. His wildness made him walk seven Wadsworth men, but he also caused the enemy to gently fan the breeze for fourteen strike-outs. Barfoot kept his hits well scattered and but for a few miscues would have kept the score lower.

Wadsworth started out briskly, gathering two hits and a walk, along with an error for three runs in the first inning. In the seventh, trouble started again, when Pollick walked after Mason whiffed, then Dundas contributed an error and Barfoot two, before V. Gertsy struck out and P. Blough grounded out to Barfoot. This little fracas netted the Wadsworth boys two counters. In the ninth on singles by C. Blough, V. Gertsy and by R. Gertsy placed C. Blough across the rubber.

Thomas and Standen led the Medina attack with three hits apiece. Perkins and Maple kicked in with two apiece. Dundas playing his first game at third for Medina, started a rally in the second with a two-bagger which netted two runs, when the smoke of battle cleared away—and incidentally placed the home town boys in the lead—and not to be headed again.

The Blough brothers for Wadsworth were the most dangerous with the war club—neither one fanning the breeze. Peter Blough committed robbery in center field on Dundas and Roshon in the eighth inning. The score:

Left on bases, Wadsworth 10; Medina 9. Hits, off Pollock, 8 in 2 innings; off Hunsberger, 5 in 6 innings. Umpire, Jaerger. (College of Wooster).

### KENT ROOSEVELT HIGH SCHOOL

The only hit that the Kent boys made off of Standen was in the ninth inning, and Coach Ford Case declares that he was responsible for that.

Tuttle was at the bat and had swung wildly at two wide curves. Case says that in a fit of mental aberration he gave Standen the signal for a straight ball, instead of a curve, and Tuttle dropped a Texas Leaguer over second base. There were two men out at this time, and Tuttle nearly scored on two successive errors in fielding the ball, but was nipped at the plate.

Standen also struck out 19, four of them actually in one inning, in the fourth inning Clancy whiffed three times, but Maple dropped the third strike, and Clancy reached first. The next three men struck out in order.

Kent's only run was made by Kilbourne in the second inning. He reached first on an error by Perkins, was advanced to second when Bishop was hit by a pitched ball, and to third when Tuttle walked. With the bases full, Beseriat struck out, but another error by Perkins let in Tuttle and again filled the bases with Ashcraft on first. Clancy struck out and Miller popped to First Baseman Thomas. The score:

Rink—"By the way, Miss Drew, have you heard the Tale of the Toad?"

Miss D.—"That's a new one, what is it?"

Rink—"It didn't have any."

Miss Phillips—"Give the principal parts of the verb to skate."

Ted—"Skato, slipere, falli, bumtus."

Miss P.—"Falio, failere, flunki, suspendus."

Miss P.—"What made the tower of Pisa lean?"

Fat Nichols—"If I knew, I'd try it."

All jokes should be written on tissue paper so the editor can see through them.

Miss Rice—"What is the matter? Every time you see a 6, you call it a 2."

Glendon S.—"It is a matter of habit, I guess. I'm used to working in a ladies' shoe store."

Pauline—"How, Mr. Conkle, would you define a mental state?"

Mr. Conkle—"Well, it is rather hard to explain to a person who never experienced one."

Miss Drew—"What is gender?"

Jack O.—"Gender tells whether a man is masculine, feminine or neuter."

## WHAT IS LIFE INSURANCE?

It is THE only safe investment in the world of \$1,000 or more that you can buy "on easy payments"—that is sure if you live and sure if you die—sure all the time.

## U. S. GOVERNMENT RECORDS—

Show that out of every 100 healthy men 25 years old—

## AT AGE 65—

36 will be dead  
1 will be rich  
4 will be fairly well-to-do  
5 will be working for a living  
54 will be dependent on friends, relatives or charity.

TOTAL 100

Every man at 65 must be found in one of these five classes.  
where will you be at 65? Classify yourself!

Founded 1848

Conductor to Pauline F.—“Your fare, Miss”.

Pauline—“Thanks, I know it”.

Well meaning Hostess—“You must never tell us you can't play.

Donald Ausman: “We know it.”

On mules we find two legs behind,

And two we find before,

We stand behind before we find,

What the two behind before.

Some words are good and quite worth while,

Some words bring grief and sorrow,

But here are the words that make you smile,

There'll-be-no-school-to-morrow.

Maxine Fulmer—“Can I go through this gate?

Bob Searles—“I don't know, a load of hay just went through.

Mr. Ruth—“Have you heard my last joke?

Miss Drake—“I hope so.”

Editor-in-chief—“Where do you get your jokes?

Joke Editor—“Oh, just out of the air.”

Editor—“Well, I suggest that you get some fresh air.”

A Dayton, Ohio, man of musical talent confided in his friend that his talent had once been the means of saving his life.

“How's that?”

“Well, there was a big flood and my father got on a bed and floated down the stream.”

“And you.”

“I accompanied him on the piano.”

Customer—“Hello, this the butcher? Got any dry Herring?”

Steve K.—“Yes.”

Customer—“Well, give them a drink.”

Roland H.—“Did you hear that joke about the Egyptian guide who showed some tourists two skulls of Cleopatra, one as a girl and one as a woman?”

Forest C.—“No, lets hear it.”

Harve—“Do you like to have your back scratched, Kelly?”

Kelly—“I'll say so.”

Harve—“All pigs do.”

Tiny P.—“Gee, my girl is the stingiest person I know of.”

Ralph R.—“Why?”

Tiny P.—“I asked her for a bushel of kisses and she only gave me a peck.”

## How Can the Actual Business College Be of Service to Medina High School Graduates—

1. By offering intensive reviews to those who have taken the Commercial Courses, and may, on account of a heavy schedule, have neglected some of their commercial subjects.
2. By offering a splendid course in Secretarial Training to those who have never had Commercial Training.
3. By offering the best courses in Higher Accounting and Auditing, Akron has ever had. The student can take as much of this work as he may desire—a few months or a complete course. We teach the Vannceis System.

We shall be glad to see you at any time, or to write you in reply to any question you may ask.

Helen—"Certainly".

Alice—"I suppose then you would "milk a cat".

Oh Listerine.

"You took my breath away."

"Don't worry, I wouldn't keep it for the world".

Frosh—That egg I had was overly ripe.

Waiter—How do you know?

Frosh—A little bird told me.

Jim—"She sang a beautiful duet."

Tim—"How could one person sing a duet?"

Jim—"She was beside herself with Pride."

Keep that school-girl complexion, but not on your coat lapel.

I call my sweetie "Ketchup"—she's pure, but artificially colored."

Kin—"I can't find my last year's bathing suit."

Min—"Probably a moth ate it."

He—"See that couple. They're man and wife and have never quarreled."

She—"Really? It hardly seems possible. How long have they been married?"

He—"Oh, they're just leaving the parsonage now."

Q—"What can I do to avoid falling hair?"

A—"Jump out of the way."

He—"What would you do if you were a man?"

She—"What would you do?"

Prune—"Who is that player?"

Robbie—"Guess it must be Heinz. His number is 57."

"This match won't light."

"Washa madda with it?"

"I donno—it lit alright a minute ago."

If an elephant can carry a trunk, how much can a polar bear?

Tommy—"Don't you think my piano playing is rich with feeling?"

Jerry—"You remind me of Paderewski."

Tommy—"Yes."

Jerry—"Uh huh, you use both your hands."

Where is old Petroleum? Kerosene him last week, but ain't benzine since.

## **OBERLIN BUSINESS COLLEGE HAS LARGE ATTENDANCE**

Another prosperous year is in progress at the Oberlin Business College. The large attendance has made it necessary to add additional furniture. Fifty-five new Remington and Underwood Typewriters have recently been installed. Twenty-four additional desks have been purchased.

Eight years ago a second building was erected to accommodate the increased attendance. Two years ago it became necessary to build an addition to the main building and now both buildings and the new addition are filled with as a fine a class of students as ever entered a Business College—high school graduates from all parts of Ohio and other states.

This school now has the highest standing given to any Business College in Ohio by the State Department of Public Instruction. It was the first Business College to be placed upon the Accredited List of Ohio Colleges by the State School Department in 1915, and has more graduates holding State Certificates than any other similar school.

With high school graduates as students, this school is undertaking a higher standard of work than the average business college, which accounts for its great reputation among leading business firms. Medina High School has sent many of its graduates to the Oberlin Business College who are now holding excellent positions in different parts of the country. Any members of this year's graduating class who think of entering a Business College would have unusual opportunities at Oberlin.
